Ethnicraft

ACCESSORIES

COLLECTION 2020

We create the foundations of your home, to inspire the stories of your life.

For the past 25 years, we have been creating timeless furniture and accessories manufactured from quality materials. True to our values, we have maintained our goal to produce good design, distinguished by authenticity, simplicity and quality, as well as creativity and innovation. We rely on our unique expertise to create singular designs ready to embellish your daily life durably. We create collections for every room of the house: from the furniture that defines the purpose of a space to the objects that layer it with meaning. Nothing excites us more than seeing how people love and use our products in the story of their lives.

All of our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be passed on from one home to the next, carrying over the stories of one lifetime into another.

152 CARE INSTRUCTIONS

ICONS YOU MIGHT COME ACROSS
IN OUR PRODUCT CATALOGUE

(O) OILED
The items marked with this icon are finished with a natural oil.
Visit page 153 for more information on how to take care
of our oiled furniture.

(V) VARNISHED
The items marked with this icon are finished with varnish.
Visit page 153 for more information on how to take care
of our varnished furniture.

(B) BRUSHED
The items marked with this icon are brushed. This finishing gives our furniture more depth. The rougher surface highlights the grain of the wood.

(C) CONTRACT GRADE
The items marked with this icon are EN and/or BIFMA certified.

100 % SOLID WOOD
The items marked with this icon are 100% made out of solid wood.

FSC® FOREST STEWARDSHIP COUNCIL
The items marked with this icon carry the FSC® 100% label.
Visit page 157 for more information on the organization
that promotes responsible management of the world's forests.

Designer

DAWN SWEITZER

The start of a new year is an exciting time filled with goals, dreams and new beginnings. In 2020, this is especially true for Ethnicraft. This year we are officially merging with longtime partner and lifestyle brand Notre Monde. Together, we will keep doing what we do best: creating timeless furniture and sophisticated accessories. United as one, under the Ethnicraft name.

Notre Monde's beloved designer Dawn Sweitzer will be the main artistic mind behind the accessories. From her childhood in Ohio's great outdoors, her curiosity for life and her many travels around the globe, Dawn has collected images and sensations, which she now channels into her work as an artist without limitations. Her multiple inspirations have given rise to extremely rich pictorial compositions, based on abstract, complex and modern patterns, arranged into combinations and successive layers interacting with materials, colors, textures and finishes. Today, the artist uses her spacious studio, located in High Point, North Carolina, as a playground where she is free to experiment different techniques and explore a variety of mirrors, tables and home textiles for the Ethnicraft collection.

TRAYS

Inspired by fresh ideas of global origin, we have created a sophisticated and subtle collection of trays. Luxury is melded with practicality, in the spirit of decorative objects. Global patterns, textures and layers are translated onto our pieces with traditional printing and hand-finishing techniques. The exceptional process contributes to the unique quality and authenticity of each tray. Whether you use them to serve drinks, or as exclusive pieces of art on the wall: the trays are sure to catch the eye.

URBAN GEOMETRY

WABI SABI

TRANSLUCENT SILHOUETTES

The mingling of lavish gold with cool indigo in rich patterns creates a fluid balance between the masculine and feminine, aptly capturing the sumptuous movement of fabric.

TRIBAL QUEST

CLASSICS

VALET TRAYS

Despite its small size, the valet tray packs a lot of patterns and textures into its small frame. Its compact size allows for versatility, making it perfect for serving up a drink or a snack, as a key holder, jewelry tray, ... These small trays can be a colorful accent anywhere in the house. From the hallway to the bathroom or your coffee table, there's always room to add a small, glamorous and colorful touch.

Placed in the hallway, it is a key holder. In the bathroom,
it is a jewelry tray. On the coffee table, it is a decorative item.
Anywhere in the house, it is a stylish accent piece.

TRAY TABLES

The tray table's ability to adopt different trays allows you to mix or match various colors and patterns, creating a personal piece that is uniquely yours. That way, you can easily change its look whenever you want. While it may serve its function as a table, the versatile piece also transforms into a moveable singular tray when removed from its structure. Beautiful and convenient.

THE PERFECT COMBINATION

Create a table that is uniquely yours by choosing one of our favorite tray combinations or by selecting your own matching pair of trays.

SIDE TABLES

Our side tables are like so many things in life: it's all in the detail. They are highly versatile and can also be used in the bedroom where they make wonderful nightstands.

GEOMETRIC SIDE TABLE

NESTING SIDE TABLE

BOK SIDE TABLE

COVE SIDE TABLE

TRIPOD SIDE TABLE

"Your environment should be luxurious, filled with the true beauty of the people and things that inspire you"

- Dawn Sweitzer, designer.

COMPACT SIDE TABLE

WALL DECOR

From an elegant aged mirror that doubles as art to sleek wooden shelves: we provide the perfect finishing touches to tie any room together. Hang our pieces on their own or display a number of them in your space to make a bold statement.

AGED MIRRORS

HOME TEXTILES

Manufactured in a Belgian family-owned weaving mill, this first collection named “Refined Layers” consists of cushions and throws featuring abstract patterns for an understated and original look. They are manufactured from Jacquard fabrics woven mainly from cotton, linen and wool, which blend together to create a play on textures and assorted shaded tones. Mix and match freely with this plush and cozy collection.

Our cushion covers and throws are crafted from the best weaving yarns which are primarily produced in Belgium, France, Italy and Peru. By consciously choosing natural fibers - such as cotton, wool and Belgian linen - we stay true to our values: design pieces full of character, made from quality materials that age beautifully.

REFINED LAYERS

"For this collection, I wanted to achieve a sense of balance between a modern, uncluttered style and my own bohemian and refined influences."

- Dawn Sweitzer, designer.

HOW TO TAKE CARE OF OUR PRODUCTS

About natural materials

The beauty of natural materials lies in its peculiarities and imperfections. That is what separates true beauty from the artificial. Variations in wood grain and color, knots, medullary rays and other natural characteristics are inherent in solid wood. These are far from flaws, but an intricate part of its character. Natural stone can have minor pitting or surface fissures. We believe that these imperfections contribute to the charm of Ethnicraft products.

Wood, like any other natural and porous material, continues to absorb and release humidity throughout its life. Although Ethnicraft designs furniture that adapts well to the hydrometrical conditions of its environment, some cracking or movement may occur. Please do not be alarmed, this is a normal response to the furniture's environment.

UNIQUENESS OF OUR PRODUCT

The Ethnicraft brand incorporates classic and traditional techniques, such as metal-leafing, hand-painting, silk screen-printing and aging. Due to the handcrafted nature of our products, each item will vary slightly. We consider this a sign of uniqueness and quality.

Wood is a product of nature.
We believe that their imperfections
contribute to the charm
of our creations.

Tips & tricks

- All Ethnicraft products are intended for indoor use only.
- Recommended humidity in the room: between 40% and 60%.
- Ideal room temperature: 21°C/70°F during the day, not below 14°C/57°F at night.
- To prevent color differences: Do not place your furniture in direct sunlight, move objects placed on the furniture from time to time and open your extendable table on a regular basis.
- Avoid exposure to extreme conditions: do not place furniture near heating sources or air-conditioned spaces.
- To prevent staining we recommend that any spills are removed immediately.
- When cleaning the surface, always work in the direction of the wood grain.
- Use place mats to prevent hot pots and pans, or cold glasses and bottles, from leaving marks on the furniture.
- Do not drag the furniture along the floor, always lift the furniture when moving.
- Always ensure water and solutions used to clean the floor do not come into contact with the furniture's base, as it might leave permanent marks.
- Last but not least, we recommend to carefully read the care instructions.
- The Ethnicraft trays are intended for decorative and everyday use. They are not to be used in a setting such as, but not limited to, restaurants where they are exposed to constant washing, repetitive handling and service of heavy items.

SPOT CLEANING HOME TEXTILES

- Treat stains immediately.
- Blot up as much of the spill as possible with a clean, dry, white cloth. Don't rub.
- Blot up the stain with a clean, slightly damp white cloth, working from the outer edge to the center of the stain.
- Use a hair dryer on the lowest heat setting to evenly dry the fabric and prevent moisture rings.

Oak furniture

OILED

Most of the Ethnicraft oak furniture is finished with a pigmented hardwax oil. This finish gives the furniture its desired natural color and forms a natural protective coating that acts as a repellent against most common substances and liquids, but is no foolproof guarantee against stains. In case of a spill, remove it immediately.

REGULAR CARE

- For regular dusting, use a dry cloth. For cleaning or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft clean cloth to prevent spotting.

REFRESHING THE SURFACE

- To refresh your furniture or to remove superficial stains (crayons or pencil marks, wine or fruit juice stains, etc.) we recommend Osmo Liquid Wax Cleaner (3029). This product cleans and regenerates the elegant character of the wood and slightly reinforces the original protective coating. Osmo Liquid Wax Cleaner is no guarantee against stains.

THOROUGH CARE

- As time goes by, the original hardwax coating may need to be renewed. We recommend using Osmo Hardwax Oil Natural (3041). In case of discoloration, stubborn stains or to remove a superficial scratch, we advise to sand the surface first. Make sure the surface is clean and dry before applying the Hardwax Oil. It is important to spread the product evenly over the surface and remove excess product immediately after application to avoid spots after drying.

VARNISHED

Our black oak furniture, and a selection of our natural oak items, are varnished instead of oiled. You will find varnished items clearly indicated in this catalog. Varnish offers a good protection against stains. Even with this preventative and extensive treatment, spills should be removed immediately.

REGULAR CARE

- For regular dusting, use a dry cloth. For cleaning or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft clean cloth to prevent spotting.

HOW TO TAKE CARE OF OUR PRODUCTS

Teak furniture

NATURAL

Our teak range comes without any finish or protective treatment. The wood is merely polished, allowing the natural oils to rise to the surface. The high density of teak wood has the advantage that stains stay on the surface and do not penetrate the wood easily. Even with these characteristics, spills should be removed immediately.

PREVENTIVE TREATMENT
- If you want to protect the wood from the start, apply a protective coating. We recommend Occulto Oil (9911). This seals the pores of the timber and creates a natural protection. Stains and marks should still be removed immediately.

REGULAR CARE
- For regular dusting, use a dry cloth. For cleaning or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft clean cloth to prevent spotting.

THOROUGH CARE
- To remove stubborn stains or superficial scratches, extra fine sand paper can be used. Make sure you always rub in the direction of the wood grain.

VARNISHED
- Part of the teak furniture items are varnished. You will find varnished items clearly indicated in this catalog. Varnish offers a good protection against stains. Even with this preventive and extensive treatment, spills should be removed immediately.

REGULAR CARE
- For regular dusting, use a dry cloth. For cleaning or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft clean cloth to prevent spotting.

VARNISHED AND WAXED

The carved parts of our Ancestors Tabwa collection are varnished but to achieve its signature shine a wax is applied. Even with this preventive and extensive treatment, spills should be removed immediately.

REGULAR CARE
- For regular dusting, use a dry cloth. For cleaning or in case of a spill, use a damp cloth and natural soap. Do not use soap containing detergent or other chemicals. Dry with a soft clean cloth to prevent spotting.

REFRESHING THE SURFACE
- Dust the surface first. Apply dark brown liquid beeswax using a soft cloth or a furniture brush. Allow the beeswax to dry. Buff with a clean soft cloth and/or furniture brush. Repeat until desired level of shine is reached.

Walnut furniture

OILED

All Ethnicraft walnut furniture is finished with a tinted natural oil. This finish gives the furniture its desired natural color and forms a natural protective coating that acts as a repellent against most common substances and liquids, but is no foolproof guarantee against stains. In case of a spill, remove it immediately.

REGULAR CARE
- For regular dusting, use a dry cloth. For cleaning or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft clean cloth to prevent spotting.

REFRESHING THE SURFACE
- To refresh your furniture or to remove superficial stains (crayons or pencil marks, wine or fruit juice stains, etc.) we recommend Osmo Liquid Wax Cleaner (3029). This product cleans, regenerates the elegant character of the wood and slightly reinforces the original protective coating. Osmo Liquid Wax Cleaner is no guarantee against stains.

THOROUGH CARE
- As time goes by, the original hardwax coating may need to be renewed. We recommend using Osmo Hardwax Oil for Walnut (5063). In case of discoloration, stubborn stains or to remove a superficial scratch, we advise to sand the surface first. Make sure the surface is clean and dry before applying the Hardwax Oil. It is important to spread the product evenly over the surface and remove excess product immediately after application to avoid spots after drying.

Metal structures

Dust regularly using a soft dry cloth. For a more thorough cleaning, use mild soap and warm water. Rinse with clean water and wipe dry. Do not use steel wool, sandpaper, mineral acid, bleach, or chlorine cleaners on metal surfaces. Always ensure water and solutions do not come into contact with the furniture's metal base and, as it might leave permanent marks on the floor. Some wood species, such as oak, contain tannin, which causes the wood to react with metal and leave permanent stains.

Trays

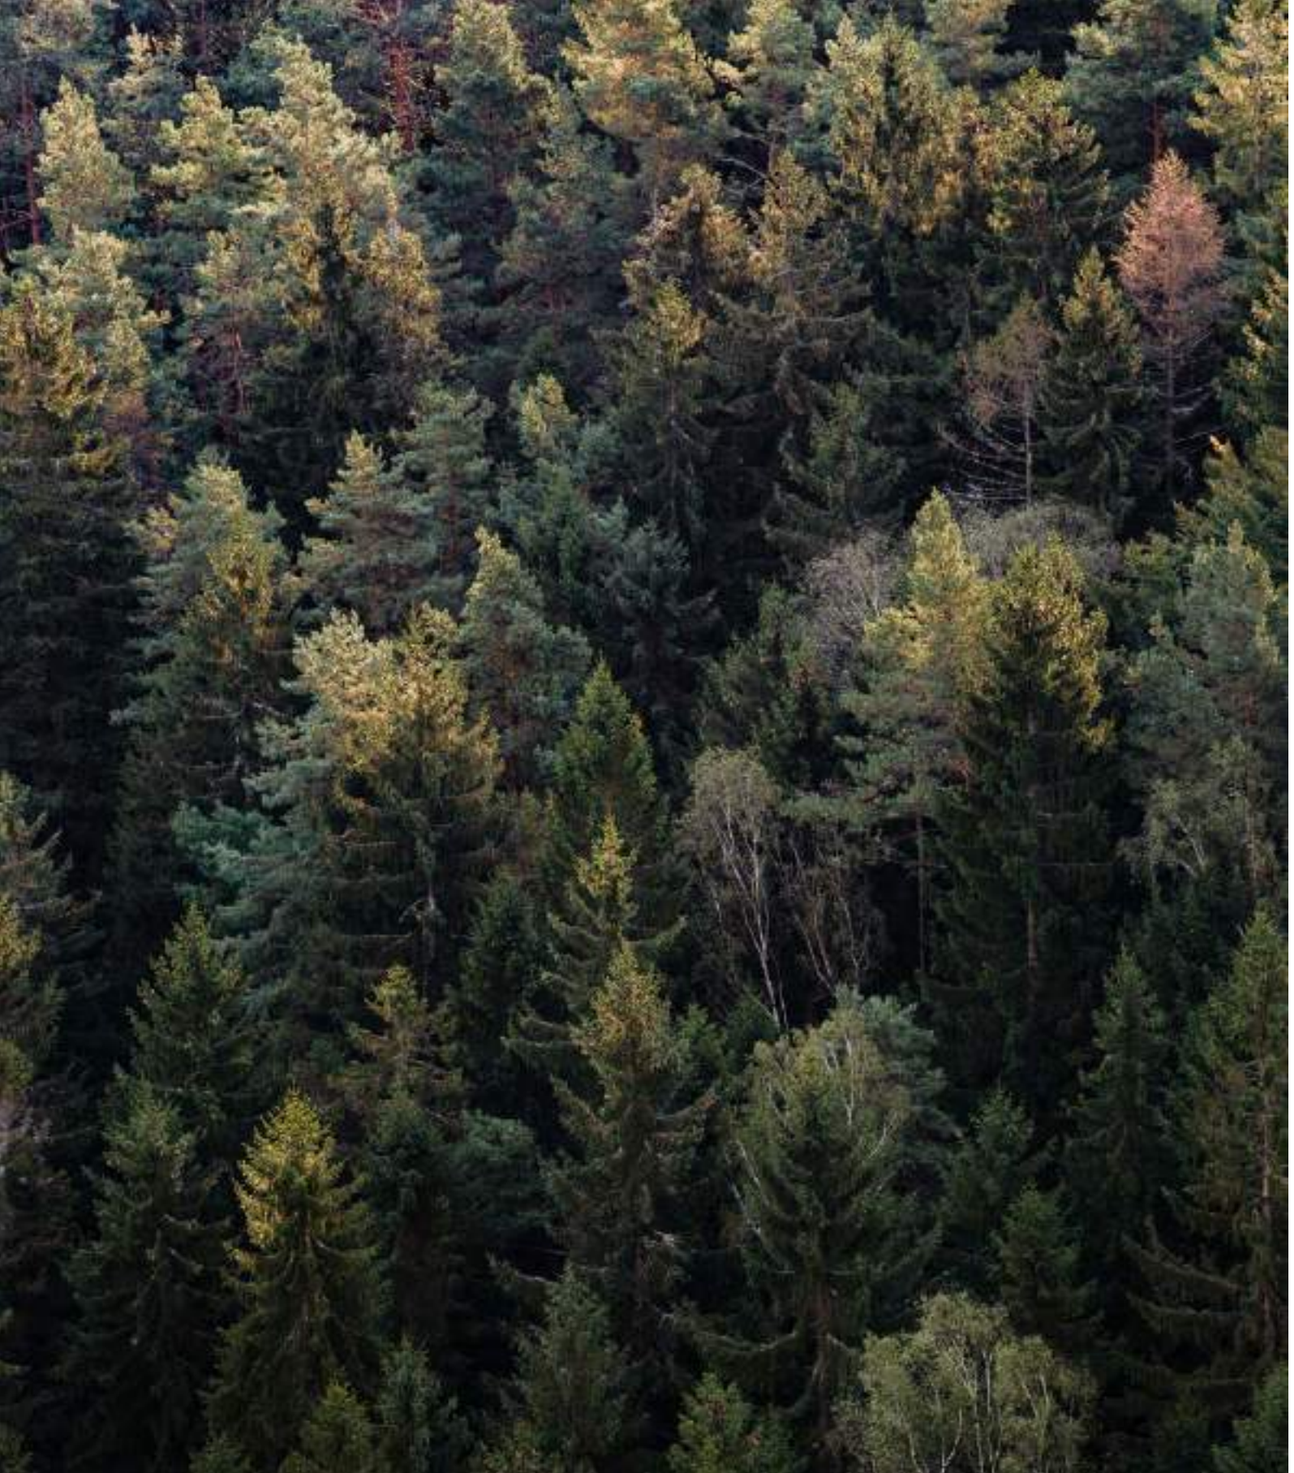
WOOD
The Ethnicraft items are varnished with a water-based topcoat to repel common substances and fluids, such as coffee, tea and wine. However, the protective coat is no foolproof guarantee against stains. In case of a spill, remove it immediately. For regular dusting, use a dry cloth. For a more thorough cleaning, use furniture polish with a soft cloth.

GLASS & MIRROR
Wipe the glass or mirror surface with a neutral glass cleaner and soft cloth.

METAL
Dust regularly using a soft dry cloth. For a more thorough cleaning, use mild soap and warm water. Rinse with clean water and wipe dry. Do not use steel wool, sandpaper, mineral acid, bleach, or chlorine cleaners on metal surfaces.

Home textiles

The cushion covers and throws are not allowed to be washed, we recommend dry-cleaning only. Fluff up your cushions regularly, this will allow the down to breathe, ensuring the cushions stay light and feathery. Every few months, on a sunny, clear day, lay your pillows in the shadow outside. Fluff them up several times and turn after about an hour. The heat will dry out any slight moisture. In addition, the fresh air will give your pillows a wonderfully clean smell.



OUR COMMITMENT

Wood has always been the core material in the Ethnicraft range. We are deeply aware of the impact of our industry on the environment and we take environmental issues to heart: the origin of the wood, the energy we use in the production and distribution process, the treatment of the products and waste reduction – we try to be as environmentally friendly as possible.

THE ORIGIN OF OUR CORE MATERIAL
Ethnicraft works closely together with the Indonesian governmental body in charge of managing the teak plantations originally set up by the Dutch about 150 years ago. This government agency applies strict policies with regard to annual replanting and the size and quantity of trees that can be felled each year. Where our oak and walnut is concerned: we source oak from well-managed forests in Europe and use black American walnut for our designs.

NO WASTE
Production waste such as leftover logs, wood and sawdust are re-used for other purposes. The sawdust from logs is either used as fuel for the drying ovens or compressed as a base for pellets. All the leftovers from cutting planks to size are recycled and used as base material or as box joints for panels.

The ultimate noble and renewable material, our wood is sourced from responsibly and carefully managed forests.

FSC® LABEL FOR OUR FURNITURE
Our commitment to the environment is reflected by the FSC® CoC (Chain of Custody) certification of our distribution centers. FSC® is a worldwide independent, non-governmental, non-profit organisation that promotes responsible management of the world's forests. In other words, this organisation guarantees that products carrying the FSC® label come from forests that are managed so that they meet the social, economic and ecological needs of present and future generations. In the case of Ethnicraft NV and Azur, the CoC certificate guarantees that the company is perfectly placed to buy, stock and sell products with a specified FSC® certificate, originating from sustainably managed forests, controlled sources and reclaimed materials, or a mixture of these. Other collections carry the FSC® 100% label, which means that these products are made from wood originating from FSC® certified plantations. These ranges are clearly indicated in the catalogue. Moreover, every effort is being made to increase the number of ranges with an FSC® label.
