# BRIDA CHAIR

## WITH AND WITHOUT ARMRESTS

*by Grupa Studio for GIR*

Brida represents the result of combining modern technology of processing wood and meticulous handcraftsmanship. The collection consists of a chair with armrests, a chair without an armrest, bar stool, and semi-armchairs.

The uniqueness of the series can be seen in the detail of a slantwise cut edge which moves through a continuous line that binds the armrest and the backrest.

Clean angles and surfaces accentuate the feeling of mass and firmness while at the same time it achieves a visually purified, elegant and fluid form.

The option of choosing from several different colors, as well as adding padded parts, modifies the character of the product and, in such a way, it makes it easily adaptable to different contexts.

# KLIN TABLE

RECTANGLE AND ROUND

*by Numen / For Use for GIR*

Klin table system is inspired by the structure of rural agricultural tools of the Alps. Basic wooden profile is partially cut through the central axis which allows for the widening of smaller parts by using wedges. The result is a characteristic Y shape consisting of a unique base and two high-strung lateral forks.

The expanded "capital" secures a bigger connecting surface through which the leg is attached to the tabletop, while the horizontal wedge, at the same time, can be used for opening the leg's ending tips as well as for storing the screws. This detail, besides ensuring stability of the structure, allows for an uncomplicated assembling and disassembling of the legs.

Round

110 - 130 x 110 - 130 x h75 cm

Rectangle

140 - 220 x 60 - 90 x h75 cm

# POLYTOP TABLES

3/4/5/6 METAL LEGS

by Neisako Studio for GIR

The collection of coffee tables typifies the ability of spatial positioning into compatible geometrical compositions. Simply joining two tables and aligning their base edges creates a desired appearance of the interior.

Set of four coffee tables of different proportions varies from a wide and low with a hexagonal base to a tall and narrow with a triangle base. Available in oak, ash or walnut.
