ACCESSORIES

collection 2021

ethnecraft.com

*We create the foundations of your home,
to inspire the stories of your life.*

For more than 25 years, we have been creating timeless furniture and accessories manufactured from quality materials. True to our values, we have maintained our goal to produce good design, distinguished by authenticity, simplicity and quality, as well as creativity and innovation. We rely on our unique expertise to create singular designs ready to embellish your daily life durably. We create collections for every room or space: from the furniture that defines the purpose of an area, to the objects that layer it with meaning. Nothing excites us more than seeing how people love and use our products in the story of their life.

All of our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be passed on from one home to the next, carrying over the stories of one lifetime into another.

ICONS YOU MIGHT COME ACROSS
IN OUR PRODUCT CATALOGUE

- O** OILED
The items marked with this icon are finished with a natural oil. Visit page 196-199 for more information on how to take care of our oiled furniture.
- V** VARNISHED
The items marked with this icon are finished with varnish. Visit page 196-199 for more information on how to take care of our varnished furniture.
- B** BRUSHED
The items marked with this icon are brushed. This finishing gives our furniture more depth. The rougher surface highlights the grain of the wood.
- 100 %** SOLID WOOD
The items marked with this icon are 100% made out of solid wood.
- FSC®** FOREST STEWARDSHIP COUNCIL®
The items marked with this icon carry the FSC® 100% label. Visit page 201 for more information on the organization that promotes responsible management of the world's forests.

Designer
DAWN SWEITZER

Dawn Sweitzer is the main artistic mastermind behind the accessories collection. From her childhood in Ohio's great outdoors, her curiosity for life and her many travels around the globe, Dawn has collected images and sensations, which she now channels into her work as an artist without limitations. Her multiple inspirations have given rise to extremely rich pictorial compositions, based on abstract, complex and modern patterns, arranged into combinations and successive layers interacting with materials, colours, textures and finishes. Today, the artist uses her spacious studio, located in High Point, North Carolina, as a playground where she is free to experiment different techniques and explore a variety of mirrors, tables and home textiles for the Ethnecraft collection.

TRAYS

Inspired by fresh ideas of global origin, we have created a sophisticated and subtle collection of trays. Luxury is melded with practicality, in the spirit of decorative objects. Global patterns, textures and layers are translated onto our pieces with traditional printing and hand-finishing techniques. The exceptional process contributes to the unique quality and authenticity of each tray. Whether you use them to serve drinks, or as exclusive pieces of art on the wall: the trays are sure to catch the eye.

WABI SABI COLLECTION

*Seeking to find beauty in the not-so-perfect.
With artful and delicate organic layers creating a sense
of depth, the overall result becomes bold and dynamic.*

TRANSLUCENT SILHOUETTES COLLECTION

TRIBAL QUEST COLLECTION

VALET TRAYS

Despite its small size, the valet tray packs a lot of patterns and textures into its small frame. Its compact size allows for versatility, making it perfect for serving up a drink or a snack, as a key holder, jewellery tray, ... These small trays can be a colourful accent anywhere in the house. From the hallway to the bathroom or your coffee table, there's always room to add a small, glamorous and colourful touch.

A stylish set that is just as much at home organising a desk, holding keys, ornaments or jewellery. A chic accent piece for any room with limitless versatility.

Vibrant colours, unique patterns and geometric shapes can elevate from practicality to a truly decorative and stylish accent piece.

TRAY TABLES

The tray table's ability to adopt different trays allows you to mix or match various colours and patterns, creating a personal piece that is uniquely yours. That way, you can easily change its look whenever you want. While it may serve its function as a table, the versatile piece also transforms into a moveable singular tray when removed from its structure. Beautiful and convenient.

square tray coffee table set (p.145)

round tray coffee table set (p.144)

round tray coffee table (p.144)

THE PERFECT COMBINATION

Create a table that is uniquely yours by choosing one of our favourite tray combinations or by selecting your own matching pair of trays.

SIDE TABLES

Our side tables are like so many things in life: it's all about the details. They are highly versatile and can also be used in the bedroom where they make wonderful nightstands.

celeste side table (p.150-151)

geometric side table (p.146)

left page: **fin** side table (p.147). right page: **nesting** side table (p.149)

WALL DECOR

From an elegant aged mirror that doubles as art to sleek wooden shelves: we provide the perfect finishing touches to tie any room together. Hang our pieces on their own or display a number of them in your space to make a bold statement.

frameless mirror (p.158)

gate mirror (p.161)

HOME TEXTILES

Designed to mix and match freely, the home textiles collection is centred around quality, comfort, and effortless style. Using carefully selected fibres of the highest quality, each item brings a sense of elegant simplicity to any space, creating an interplay on texture and tone.

ESSENTIALS RUG COLLECTION

Hand made on a traditional weaving loom, each yarn is carefully selected to ensure the individual finish and natural texture of each item is maximised.

MYSTIC INK CUSHIONS & THROWS COLLECTION

REFINED LAYERS CUSHIONS & THROWS COLLECTION

By consciously choosing natural fibres – such as cotton, wool and Belgian linen – the home textiles collection stays true to our values: design pieces full of character, made from quality materials that age beautifully.

HOW TO TAKE CARE OF OUR PRODUCTS

About natural materials

The beauty of natural materials lies in its peculiarities and imperfections. That is what separates true beauty from the artificial. Variations in wood grain and colour, knots, medullary rays and other natural characteristics are inherent in solid wood. These are far from flaws, but an intricate part of its character. Natural stone can have minor pitting or surface fissures. We believe that these imperfections contribute to the charm of Ethnicraft products.

Wood, like any other natural and porous material, continues to absorb and release humidity throughout its life. Although Ethnicraft designs furniture that adapts well to the hydrometric conditions of its environment, some cracking or movement may occur. Please do not be alarmed, this is a normal response to the furniture's environment.

UNIQUENESS OF OUR PRODUCT

The Ethnicraft brand incorporates classic and traditional techniques, such as metal-leafing, hand-painting, silk screenprinting and aging. Due to the handcrafted nature of our products, each item will vary slightly. We consider this a sign of uniqueness and quality.

TIMELESS DESIGN

All our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be passed on from one home to the next, carrying over the stories of one lifetime into another. Our collections go back to the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully.

We create collections for every room or space: from the furniture that defines the purpose of a space to the objects that layer it with meaning. Nothing excites us more than seeing how people love and use our products in the story of their life.

CRAFTSMANSHIP

Outstanding craftsmanship is at the core of our brand, and behind the simplicity of our pieces lies a constant drive for innovation.

Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflects our design values.

General tips & tricks

- Recommended humidity in the room for interior products: between 40% and 60%.
- Ideal room temperature: 21°C/70°F during the day, not below 14°C/57°F at night.
- To prevent colour differences, do not place furniture or accessories in direct sunlight. Move objects placed on the furniture from time to time and open extendable tables on a regular basis.
- Avoid exposure to extreme conditions: do not place furniture or accessories near heating sources or air-conditioned spaces.
- To prevent staining, we recommend that any spills are removed immediately.
- When cleaning the surface, always work in the direction of the wood grain.
- Use placemats and/or coasters to prevent hot pots and pans, or cold glasses and bottles, from leaving marks on the furniture.
- Do not drag the furniture along the floor, always lift the furniture when moving.
- Always ensure water and solutions used to clean the floor do not come into contact with the furniture's base, as it might leave permanent marks.
- Last but not least, we always recommend to carefully read the care instructions specific to your item.

WOODEN FURNITURE

Our wooden range consists of:

- Oak; oiled or varnished
- Teak; natural, varnished and/or waxed
- Walnut; oiled

For regular care of all wooden items, we recommend the following:

- For dusting, use a soft dry cloth.
- In case of a spill, remove it immediately.
- For cleaning, or in case of a spill, use a damp cloth and natural soap.
- Always wipe in the direction of the grain.
- Do not use soap containing detergent or other chemicals.
- Dry with a soft clean cloth prevent spotting.

For details on refreshing wooden surfaces, or any thorough care, please refer to the care instruction leaflet specific to your item. These are available for download on the product pages of our website, ethnicraft.com

METAL SURFACES & STRUCTURES

We advise the following:

- Dust regularly using a soft dry cloth.
- For a more thorough cleaning, use mild soap and warm water. Rinse with clean water and wipe dry.
- Do not use steel wool, sandpaper, mineral acid, bleach or chlorine cleaners on metal surfaces.
- Do not drag the furniture along the floor, as it might damage the protective coating, cause rusting or leave permanent marks on the floor.
- Always lift the furniture when moving them from place to place.
- Always ensure water and solutions do not come into contact with the furniture's base and the wooden floor, as it might leave permanent marks on the floor. Some wood species, such as oak, contain tannin, which causes the wood to react with metal and leave permanent stains.

MIRRORS

The cleaning and maintenance of glass and mirrors is simple and inexpensive.

We recommend the following:

- The best and safest cleaner for any mirror is clear, warm water on a soft cloth. Ensure water is wrung from the cloth before wiping. Dry the mirror immediately with a dry, lint-free, cloth.
- Always use a soft, lint and grit free cloth to clean a mirror. This reduces the chances of scratching.
- Don't use harsh cleaners for clean up after installation. Both acid and alkali substances can damage the front surface, edges, or backing of the mirror. Abrasive cleaners should never be used on any mirror surface.
- Avoid spraying cleaners directly onto the surface. Instead, apply a small amount of cleaner onto a soft cloth to wipe the mirror.
- Take care to ensure all joints and edges are dry so that no liquid comes into contact with the mirror's frames, edges and backing.
- Our mirrors are intended for indoor use only.

HOW TO TAKE CARE OF OUR PRODUCTS

Trays & tray tables

Tray & tray table user instructions:

- Our trays are intended for decorative and everyday use. They are not to be used in a setting such as, but not limited to, restaurants where they are exposed to constant washing, repetitive handling and service of heavy items.
- Always use coasters to prevent hot surfaces from leaving marks or damaging trays.
- All trays and tray tables are intended for indoor use only.

WOOD

Our wooden trays and tray tables are varnished with a protective topcoat to repel common substances and fluids, such as coffee, tea and wine. However, this protective coat is no foolproof guarantee against stains. In case of a spill, remove it immediately.

- For regular dusting, use a dry cloth. For a more thorough cleaning, use furniture polish with a soft cloth.
- Keep coasters handy and use to prevent marking wooden trays.

GLASS & MIRROR

Wipe the glass or mirror surface with warm water or a neutral glass cleaner and soft cloth.

- Use coasters to prevent damaging tray surface.

Due to the handcrafted nature of our products, each item will vary slightly. We consider this a sign of uniqueness and quality.

Home textiles

CUSHIONS AND THROWS

Always refer to the care label specific to your product as some items are not to be washed, and we recommend dry-cleaning only.

Fluff up cushions regularly, this will allow the down to breathe, ensuring the cushions stay light and feathery.

Every few months, on a sunny day, lay pillows in the shadow outside. Fluff them up several times and turn after about an hour. The heat will dry out any slight moisture. In addition, the fresh air will give pillows a wonderfully clean smell.

If any pilling should occur, don't be alarmed. It's a result of excess fibre coming off the fabric or from external sources. This is not a defect but a characteristic of many textiles. To remove any pilling, we recommend using an antipilling machine.

SPOT-CLEANING HOME TEXTILES:

- Treat spills immediately.
- Blot up as much of the spill as possible with a clean, dry, white cloth. Do not rub.
- Blot up the stain with a clean, slightly damp white cloth, working from the outer edge to the centre of the stain.
- Use a hair dryer on the lowest heat setting to evenly dry the fabric and prevent moisture rings.
- Never use any chemical products on our textiles.

RUGS

Our kilim rugs are made using 100% locally sourced sheep wool. The natural oil content of wool makes the kilim incredibly durable as well as very dirt and moisture resistant.

All our kilim rugs are hand woven on a traditional loom. As the weave is not machine programmed, nuances in the size and colour variations are to be expected. Due to this hand crafted nature, the occasional loose end that starts to come undone is expected. If this does occur, do not pull or cut it, instead gently push or tie it back into the weave.

To keep kilim rugs in optimal condition we recommend the following:

- Vacuuming regularly using longer strokes if possible to avoid too much back and forth motion. Do be aware of rug edges and corners, these are weaker links and prone to wear faster due to improper use of the vacuum.
- Attend to liquid spills immediately using a clean white cloth to blot up excess moisture.
- Remove any dry or solid matter (food etc) by scraping excess away with a spoon. Do not rub.
- For stains, we recommend using a clean damp cloth with a little warm water and natural soap to gently work out the stain. Ensure the floor below the rug is thoroughly dried after. Don't wet the kilim too much, use hot water, steam or any harsh chemicals.
- Take care with solutions designed to clean flooring, as splashes may leave permanent marks.
- Never use salt or vinegar on stains as this can damage the dye.
- Rotate the rug every few months to get more even exposure to sunlight and wear. Use this occasion to clean the underlay and floor under the rug.

OUR COMMITMENT

Wood has always been the core material in the Ethnicraft range. We are deeply aware of the impact of our industry on the environment and we take environmental issues to heart: the origin of the wood, the energy we use in the production and distribution process, the treatment of the products and waste reduction – we try to be as environmentally friendly as possible.

In a world where trends change from one year to the next, we want to create design that will last for generations. Our timeless designs associate well with different styles, while our solid wood is strong and ages incredibly well with time. The ultimate noble and renewable material, all of our wood is sourced from responsibly and carefully managed forests.

NO WASTE

Production waste such as leftover logs, wood and sawdust are re-used for other purposes. The sawdust from logs is either used as fuel for the drying ovens or compressed as a base for pellets. All the leftovers from cutting planks to size are recycled and used as base material or as box joints for panels.

FSC® LABEL FOR OUR FURNITURE

Our commitment to the environment is reflected by the FSC® CoC (Chain of Custody) certification of our distribution centres. The FSC® label guarantees products come from forests that are managed so that they meet the social, economic, and ecological needs of present and future generations. In the case of Ethnicraft NV and Azur, the CoC certificate guarantees that the company is perfectly placed to buy, stock and sell products with a specified FSC® certificate, originating from sustainably managed forests, controlled sources and reclaimed materials, or a mixture of these.

The ultimate noble and renewable material, our wood is sourced from responsibly and carefully managed forests.

QUALITY CONTROL AND TESTING

Producing furniture and accessories at the highest quality, strength and safety is extremely important to us. To ensure this, we test all our products throughout the entire development process. We test on factors such as stability, durability, and safety for domestic use, to a level that meets or exceeds the highest furniture standards within the industry. Our internal protocols are based on the standards set by ANSI (American National Standards Institute) and BIFMA (North American Business and Institutional Furniture Manufacturers Association). Moreover, specific products within our collections are certified by independent external facilities in order to meet the European requirements for contract-grade use, along with specific requirements based around ecological and health regulations such as toxic substance use and flammability. Details on our testing can be found on our website and within our catalogues.

TEXTILE SOURCING AND SUSTAINABILITY

Our cushion covers, throws and rugs are crafted from the best weaving yarns which are primarily produced in Belgium, France, Italy, and Peru and Pakistan. By consciously choosing natural fibres – such as cotton, wool, and Belgian linen – we stay true to our values: design pieces full of character, made from quality materials that age beautifully.

Cushion inners are made in The Netherlands and are Oeko-Tex 100 certified. The Oeko-Tex label is an international standard that guarantees no harmful substances are contained within the final product. It certifies both natural and synthetic fibres. For the filling of our cushions, we have consciously opted for duck feather. As a natural product, duck feather far surpasses synthetic alternatives in terms of durability and sustainability. All cushion fillers carry the Downpass certification to guarantee high quality, ethical sourcing, and traceable supply chains.
